

## AD HOC GENERAL ASSEMBLY OF THE DIRECTOR-GENERAL

The Ad Hoc General Assembly is the first collegiate Ad-hoc GA in the United States of America! This committee is intended to give delegates a unique and exciting experience, but doing so while sticking to the principals of a General Assembly. The committee type and topic will remain secret until shortly before conference when the background guide is released. However, it will be run like a conventional, mid-sized GA, so expect normal speeches, working papers and mergers (everyone's favorite!). As the flagship General Assembly of ChoMUN XXVI, the Ad Hoc GA will be home to high caliber debate and strive to create the most innovative experience on the circuit.

*There are no position papers due for this committee.*
