I MISS IDRIS, THE FORGOTTEN KING: LIBYA, 1951

The Kingdom of Libya was one to truly behold. At its young age, oil deposits were discovered, leaving the door open for rapid economic and foreign policy development. Ahead of its time, Libya's constitution focused on making all citizens equal, and preventing corruption within the government. Take part in developing this young country and support King Idris by being a part of his cabinet. Join us in I Miss Idris, The Forgotten King: Libya 1951!
